## **HB 2871**: tax; revisions; distributions; 2022-2023

**Sponsor: Representative Cobb (with permission of Committee on Rules), LD 5**  
**House Engrossed**

### **Overview**

Establishes the Arizona Department of Revenue (DOR) Integrated Tax System Project Fund to implement a modernized tax system. Appropriates \$1,618,489,600 of Transaction Privilege Tax (TPT) revenues to specified agency funds. Makes various other changes related to taxation.

### **History**

The TPT is a gross receipts tax levied on certain persons for the privilege of conducting business in the state. Although commonly referred to as a sales tax, TPT differs from a true sales tax as it is imposed upon the seller rather than the buyer of the taxable item. Although the seller may pass the burden of the tax onto the buyer, the seller is the party that remains ultimately liable to pay the tax ([2021 Tax Handbook](#); [ARS Title 42, Chapter 5, Articles 1-2](#)).

The use tax is assessed on items purchased in other states and brought into Arizona for which no tax, or tax at a lesser rate, has been paid in another state. The use tax serves to protect Arizona retailers from out-of-state competition by attempting to ensure that in-state and out-of-state purchases are taxed at an equal rate ([2021 Tax Handbook](#); [ARS Title 42, Chapter 5, Article 4](#)).
